Old Business

1. Spirit Wear for McPeak-still at concession, Lenny will try to get it to basketball.
2. Riddell Bill- We were charged for ear pads. We paid for a set. Outstanding saying we owe but they were Jason order without approval. It was not for our organization. We are unsure where they ended up. We want to have a good relationship with them. Lenny talked to Dave, We will not approve any order unless it's made from Chuck or Lenny. That was agreed. Motion to Pay for it to just get rid of it to keep a good relationship.- Motion, passed by all votes.
3. Thoughts on Banquet- Linda thinks parents get a vote, there were mixed feelings on food seating. Lenny thinks we can get a feedback but not a vote that is for board. Ashley thinks a google feedback would be nice. Kristen thinks it was great and the kids loved it. Each group got to enjoy there awards

without being interrupted. The boys had fun, With the VFW the boys go out to throw ball.

New Business

1. Create Timeline

- a. Registration-Need to figure out fees and fundraising and how we are doing that this year.-Beginning of March around the 14th to have meetings to figure out how we will be handling checks and registration. Making sure we have the forms to check off everyones checks. Thinking having first sign up day for Camp day. Thinking after camp having friday practices to have people there to turn in checks.
- b. Coach Application-Trying to schedule beginning of March-Put something out next week looking for coaches. Interviews for head coaches beginning of March. Want to get them lined up then assistant beginning of April so we have who we need on the field for camp. Try to put something out Monday, Give them two weeks to apply then go from there. We will have a meeting at crabapple for all assistant coaches who want to be.
- c. Camp day-April 18th Will talk about it being at Lowber.

- ### 2. Budgets for Year - Should we include Budget for each line item? A budget for this year will be discussed and ready for next meeting, Lenny is wondering if we flush out the budget more like having one for concession. Each department

should have their own budget. Kris thinks that is a good idea. It will be looked at and figured out. Linda wants to know if we can look into a new decal for the helmets. Agreed for by Chuck, and Lenny and Brie. Chuck said if we are we need to do that soon. Chuck can reach out to see what it would cost and go back to a Y or paw print.

3. High School Stadium vs Lowber/Bruno- Last year meeting advised we could have 2 Years at the high school. We assumed we had 1 more year. Lenny is thinking we can talk to them and see if we can get some more time. Lenny thinks we should just do it and move forward with Lowber or Bruno// Shaffer is only giving 4 home games. Losing on the playoff games. Thinking we can have home games at Lowber or Bruno then just use the Highschool for like a playoff game/ High school getting a new sound booth and no under 18 allowed in. Chuck said it is going to be a lot more money than a little, He states if not up to standard a ref does not need to do it. Needs double fences, announcement, ect. If we can do without fencing we can maybe make Lowber work for this year. Linda mentioned if the high school is getting a new one is it possible if we get the old one. Kris states if a project over a certain price we would need quotes and build a budget from there and then go talk to people from there. We can put in for a dream field but we would need to figure out what we need and how much it will cost.
